

Scholarship Funding Available!

For students interested in careers in manufacturing!

Manufacturing is alive in southwest Virginia and the Southwest Virginia Alliance for Manufacturing (SVAM) wants to help you get started on this exciting career path!

Did you know that many cool products are made right here? We make fans, conveyors, cranes, metal and composite parts for airplanes and ships, plastic and metal food containers, refrigerated and dry freight trailers, compressors for heat pumps, air conditioners and freezers, plastic fibers for home, auto, aviation and marine uses and much more!

Think manufacturers only look for technical people? Think again! Manufacturers need professionals in areas like finance, accounting, marketing, human resources and more.

You can apply for a SVAM scholarship if you are a senior graduating from a high school in Russell, Scott, Smyth, Buchanan, Tazewell, Washington, Grayson or Wythe County!

Let SVAM help with your first year's tuition, school fees, or books.

Not planning to attend a four-year college? A SVAM scholarship can also be used to help you learn a trade in a certificate program!

Interested? See your guidance counselor for an application and be on your way to a rewarding career in manufacturing!

The deadline for applications is **March 31, 2017.**
